Dear Oliveti,

The Municipality provides food support to people with low-income. Also, we shop for elder people and deliver basic foods to their homes (as they are in quarantine). 1. Workers cleaned the streets of Goynuk as a preventive measure against the spread of the coronavirus.
2. Streets, public areas, sidewalks were sanitized.
3. Masks and gloves have been distributing
4. All parks, children play areas, sitting areas were closed.
5. The buildings of government were disinfected
6. Municipality announces public about coronavirus

Kind regards,
