Summary project

Consisted of 265 islands Cittaslow Wando is rich in abalone, kelp and sea mustard agriculture and fisheries cover 87% of local economy. The county holds "**Wando International Seaweeds EXPO**" every year to promote the value of seaweed as future food, facilitate its commercialization, and make Wando world's 1st Mecca of the seaweeds industry. The festival helps promote Cittaslow Wando at home and abroad, and contributes to the development of the slow food industry.

Goal project

The Wando Seaweeds EXPO has three main goals to promote seaweeds' development potential as future food and energy.

1. To develop healthy food of traditional and cultural value
2. To increase the population's awareness of seaweeds as future food
3. To create added values by developing the seaweeds industry as the nation's new growth engine boosted by the convergence of seaweeds and high technology

Result project

1. The Wando Seaweeds EXPO 2014 is held under the theme “discovery of future life, seaweeds!” in Wando from April 11 to May 11.
2. Theme Zone, Eco Environment Zone, and Future Industry Zone have different exhibition and experience programs, including performances, contests, tasting seaweeds food, special events, etc.
3. Academic events like the 2014 Wando International Seaweeds Symposium and the eco Marine Town Forum helped strengthen the international cooperation between member towns.
4. The 2014 expo attracted 540,000 visitors.
5. A visitor and resident satisfaction survey shows that 70 percent of visitors and 47 percent of residents are satisfied with the expo in general (neutral: 30 percent).
6. The county of Wando concluded a memorandum of understanding (MOU) with the Gwangju·Jeollanamdo Education Office to encourage young students to participate in experiential activities.
7. The 2014 expo was reported in the textbook of 3 and 4 grades of elementary schools, and got a lot of attention from teachers, students, and parents, being loved as a living learning classroom for young students.

Performances

1. Raising global awareness on seaweeds
2. Seaweeds industry and securing Korea’s place by constructing the cluster cooperative system
3. Cultivating the local industry as the center of the seaweeds industry

Below you, come with me to the
 the mountain, I get butterfly, you too.
 And when the sun sets,
 we'll see the sunset in the forest.
 If the forest does not welcome us,
 we'll stay sleep on the waves.
